ATA CLASSIFICATION

Classification will be as follows and all trophies will be shot for on this basis: **KNOWN ABILITY** as determined by Shoot Management.

All special categories must be declared with cashier at classification.

Each shooter must be classified by the Classification Committee composed of ASTA Officials. Pre-squadding and Classification begin on Wednesday 4:00 PM.

All 16 yard and doubles targets must be averaged before classification. Any targets shot and acquired on both and or Thursday June 1st, Friday, June 2nd can be counted towards 2023 State Shoot requirements. The shooter must be reclassified.

The Club will open each day at 7:30 AM for practice. Practice may be shot if fields are available. There will not be practice during the events. The program is scheduled to start at the stated times and will be shot on 7 fields. 100 targets per field. This is necessary in order to complete the events and shoot-offs before dark. There are two lighted fields for shoot-offs if necessary. After all shooters in a squad have completed shooting at a station they should examine their scores. If there is an error it must be corrected/resolved before a shot at the next station has been fired. If a shot is fired at the next station, then the results will stand — **per ATA rules.**

Those wishing to play the purses and options must do so at the time of entering. No additions or cancellations will be permitted after entry is made.

After the program has started and Squad 1 has shot its first field, a refund of entrance fees or purses will be made only when the program, or part of the program, is cancelled by the host club.

If you have any questions about monies ask before you enter. The cashier will gladly explain the various monies to you.
